Wu Zhi Qiao (無止橋) is a registered charitable organization in Hong Kong that mobilizes university students, professionals and volunteers to design and construct bridges in rural China in sustainable principles. The WZQ HKU team is now recruiting new core team members as student leaders to run the bridge-construction projects.

We were formed in 2010 and have constructed two bridges in Yunnan and Chongqing with Tsing Hua University, Chongqing University and Stanford University. The roles of our core team member include, but not limited to, planning and organizing site projects, designing and constructing bridges as well as doing publication work. Around 5-10 students will be recruited as core team members.

If you are interested in our projects, you can come to our booth near Knowles Building (next to JUPAS office) during 24-27 Sept. Feel free to talk to our core team member to know more about us! If you would like to participate in our future projects, please fill in the below application form and return to us by email (Bridge2ChinaHKU@gmail.com).

Application Deadline: 9th October, 2013. (Interview will be held on 12th October)

Should you have any queries, please feel free to contact us (Manie: 97103193/ Katherine: 64383637) through email or our facebook page.
