Introduction

World Green Organisation has been organizing Youth Leadership Training Project (trips) to Myanmar since 2014. Since its inception, nearly 60 students from different universities and tertiary institutions have participated. This year's "Green Myanmar Eco-Adventure Study Trip" is supported by the Hong Kong Federation of Youth Group and St. James' Settlement of Hong Kong, as well as a sponsorship from the Hong Kong Myanmar Chamber of Commerce.

Our expeditions of the Youth Leadership Training Project is designed to provide a great opportunity for Hong Kong's young people to discover a beautiful and ever-changing Myanmar while learning more about its economic development and natural environment.

This project will allow students from different disciplines to create and design different games and sample programs that they can bring back to the schools as a way to contribute back to the local community during the 5 days study trip in Myanmar.
